

## REMARKS

### **I. Response to Notice of Non-Compliant Amendment (37 CFR 1.121)**

A "Notice of Non-Compliant Amendment (37 CFR 1.121)" was mailed to the Applicant on June 6, 2004 by the Office. In the "Notice of Non-Compliant Amendment (37 CFR 1.121)", the Examiner indicated that there were two claims referred to as claim 21, and specifically, that claim 38 was incomplete because the words "claim 21" were accidentally incorporated into the newly submitted claim 38. The Applicants therefore have revised the claims as indicated herein to correct these minor mistakes.

In view of the foregoing discussion, Applicants have responded to each and every rejection of the Official Action, and respectfully request that a timely Notice of Allowance be issued. Applicants have clarified the structural distinctions of the present invention and have amended the claims accordingly. Applicants believe that support for such amendments are provided by the Specification. Applicants respectfully submit that the foregoing discussion does not present new issues for consideration and that no new search is necessitated.

Should there be any outstanding matters that need to be resolved in the present application; the Examiner is respectfully requested to contact the undersigned representative to conduct an interview in an effort to expedite prosecution in connection with the present application.

Respectfully submitted,

A handwritten signature in black ink, appearing to be "Randy Tung", written over a large, loopy circular flourish.
